Juraj Kebis

iOS Developer

Residence Utrecht, Netherlands
Nationality Slovak
Birthday 1997

Contact
- jurajkebis@gmail.com

PROJECTS

All-day-watch
MacOS - in development
Using SwiftUI and EventKit frameworks •
Implementing custom views for UI clocks

FPV App
iOS - Finished
Developed with MVC using Swift and
SwiftSoup Cocoapod • Designed in Adobe Xd

Dari Beary
iOS - App Store
Developed in Xcode with Swift & SpriteKit ·
Implemented Localization for languages

HISTORY-PEXESO
Crossplatform - Finished
Developed using C# in Unity • Worked in a
team project

Naturae Slovakia
iOS - Finished
Developed in Xcode with Swift and ARKit
framework for AR experience

Secret Tower
iOS - in development
Written in Swift and SpriteKit · Implemented
Localization for In-App purchases

EDUCATION

sep 2022 - jan 2023 — **Computing Science**
Utrecht University, Utrecht Netherlands
Completed courses such as Software Architecture, Logics for Safe AI,
Algorithms for Decision Support and etc.

sep 2021 - jun 2022 — **Erasmus - Computing Science**
Utrecht University, Utrecht Netherlands
Enriching my knowledge and experience from studying in Netherlands
and getting to known students with different cultures from different
countries.

sep 2018 - jun 2021 — **Bachelor - Applied Informatics (HBO)**
UCM, Trnava Slovakia
Finished with awarded Bachelor thesis. Completed courses such as
Software Engineering, Information Security, Analysis and
Computerization of Dynamic Systems, Algorithms and Data Structures,
Computer Networks and etc.

CERTIFICATIONS & COURSES

- **CISCO (CCNA)** - completed four-semesters of routing and switching. Acquired knowledge about
  the design and implementation of networks.

- **iOS 11 & Swift 4 - The Complete iOS App Development Bootcamp - Udemy** - completed online
  course for iOS app development. Learned about MVC, iOS Auto Layout, REST, Core Data,
  Localization and the entire app development process.

EMPLOYMENT HISTORY

sep 2018 - aug 2021 — **Desjoyaux Slovensko - Part-Time**
Service Technician
Working part-time as a service technician for Desjoyaux pools at
Bazeny Slovensko.

sep 2017 - aug 2018 — **Volkswagen Slovakia - Full-time**
Junior PLC Programmer
At the position of a junior PLC programmer. Coding systems for
PLC controllers for manufacturing robots. Gained a lot of
knowledge about procedural programming.

PORTFOLIO & LINKS

- www.kebis.space
- www.linkedin.com/in/juraj-kebis
- https://github.com/vector23

SKILLS & EXPERIENCE

Languages
- Slovak - native
- Czech - fluent
- English - fluent (C1)

Coding skills & experience
- REST API & JSON
- OOP/Functional/Procedural
- Polymorphism
- Multithreading
- Class inheritance
- Delegates & Protocols

Programming Languages
More experience:
- Swift/SwiftUI
- C/C++
- HTML/CSS
Other:
- C#
- Python
- Haskell
- Java

Developer tools
More experience:
- Xcode
- Github/Gitlab
Other:
- Unity
- Visual Studio

Graphic design
More experience:
- Photoshop
- Illustrator
- Figma
Other:
- Blender
- Adobe InDesign

INTERESTS

- **Game development** - it is my favourite
  activity where I can fully unleash my
  creative ideas. Always working on some
  small project in my free time

- **Animation coding** - writing algorithms
  to animate objects and frames in apps
  is something I really enjoy

- **Apple geek** - and yes, I always follow the
  latest news from Apple and keep one
  eye on the announcements and
  updates
